

CINDY, LIL BUG LOVE

CINDY, SISTER SINCE 2018

“My experiences with my new business and Global Sisters is currently creating a new me, and I love it.”

10 months engaged

A relationship break-up quickly escalated to an arrest and DVO for Cindy's ex-partner, to be followed by 1800 breaches of the order and fleeing to a women's refuge with her daughter, half a tank of gas and \$12. Violence against women is estimated to cost the Australian economy \$22 billion a year (KPMG, 2016), impacting significantly on individual women's income and employment.

The desire to help other children who are fleeing violence, and to prevent their re-traumatisation, inspired her social enterprise. Lil Bug Love provides comfort kits to children in crisis - and these have already been distributed to Police Stations and other service providers across Logan City Council area of Brisbane.

Cindy is re-building her life with grit, determination and a brilliant sense of humour! She lights up the room with her infectious laugh and is a loyal friend and supporter of other women in the SisterTribe.

How Global Sisters is making a difference

Cindy completed Sister School program in June 2018 with a desire to create immediate social impact and be a sustainable income to support herself and her daughter.

Cindy is highly driven and has excellent networking and advocacy skills. She draws on Global Sisters for support in the areas that don't come as naturally to her such as business planning, administration & financial modeling.

Global Sisters has supported Cindy to access funding and think through a blended grant and income based business model.
